

SOME OF THE OLDER BOYS OF COLUMBIA

The Most Aged Known to Be Living Is R. M. Olyphant of the Class of 1842.

THERE MAY BE 3 OLDER

Only Four of Twenty in Law School's First Class, 1860, Are Living.

The number of living graduates of Columbia University, including those of the class of 1812, but not those of 1913, is 18,565, according to the general catalogue of the university issued yesterday. Including the class of 1913 the number would be approximately 18,500.

Robert M. Olyphant, chairman of the executive committee of the Delaware and Hudson Railroad, who lives at 150 West Fifth-street, is the oldest graduate known to be living. He received his B. A. degree in 1842. Two members of the class of 1846, James Phillips Clark and William Thompson, and John Rankin, Jr., of the class of 1841, are still alive so far as the records show, but the university officials assume that they have died since the last catalogue was published six years ago and that no record has been made of their death. Dr. John H. Ross of 661 West 177th street received his degree in 1843.

Only One of the Class of 1844. There is only one survivor of the class of 1844, the Rev. Edward McGee, whose address is unknown. S. K. Stanton of 152 West Thirtieth-street is the only living representative of the class of 1845. Three members of the class of 1846, four of 1847, four of 1848, one of 1849, one of 1850, four of 1851, three of 1852 and four of 1853 are alive.

Of the School of Medicine class of 1849 five men are alive so far as the records show, but they are not known to be living at the university. Two who were graduated in the class of 1844 are living, J. L. Gardner of Bridgehampton, N. Y., and J. C. Garland of Nashville, N. C. Of the class of 1845 four are alive, of 1846 seven, of 1847 two, of 1848 four, of 1849 three, of 1850 three, of 1851 twenty-two, of 1852 twenty-six, of 1853 twenty and of 1854 ten.

The first class of the school of law was graduated in 1850, and of the twenty-four are still living. They are R. H. Boorman of Canfield, Vt., R. C. Chetwood of New York, W. H. Ingersoll of New York and J. G. McGee, who was also graduated in medicine in the same year and whose address is unknown. Of the class of 1851 five are living, of 1852 twenty-eight, of 1853 twenty, and of 1854 thirty-two.

Five of 1854 Graduates Dead. The school of mines was founded in 1854, and the first class was graduated in 1857. There were thirteen in the class and eight are left to celebrate the fifteenth anniversary of the school next June. They are S. W. Bridgman and J. A. Church of New York, E. R. Giddings of Chicago, W. A. Tuttle of Springfield, Mo., David Van Lennet of Auburn, Cal., and E. S. Snodgrass, H. R. Cornwall and J. H. Hammer, whose addresses are not known.

The first class of the school of architecture (fine arts) was graduated in 1854, and of the five members W. P. Little of New York, Thomas Nolan of the University of Maryland and Frank Deuster Sherman of Columbia are living. The school of political science graduated its first class in 1851 and its last in 1852. Of the ten members of 1851 eight are living.

All of Barnard's First Class Living. Barnard college's first class was graduated in 1853, and all of its members are living. Teachers college became a member of the university in 1863, and all of the eleven graduates of that year are living, as well as all but one of the 1,266 graduates since that time. The college of pharmacy joined the university in 1863, and the three members of that class, as well as all other graduates with one exception, are alive. No examination for the degree of master of arts was required prior to 1881. In that year two degrees were given in course. The recipients are John K. Katzev and Mornay Williams, who are living in New York. Doctors of philosophy have been graduated in course since 1875. The only one of that year was Edward Waller, who lives in New Jersey and was a member of the class of '76 mines. The oldest living holder of an honorary degree is Thomas Hunter, who lives in this city. He is president emeritus of the Normal College and many years was principal of the old 35 grammar school in West Fourteenth street. He took his degree of master of arts fifty years ago next June.

RECEIVER FOR LAWYER BUTTS.

Eliza Root, Jr., Appointed in Bankruptcy Proceedings.

A second bankruptcy proceeding against Thomas W. Butts, the lawyer of 51 Chambers street, who has been in Ludlow street jail since last Friday on a civil order of arrest in a suit alleging conversion of assets of the estate of the late Townsend Wendell, was begun in the Federal court yesterday. Judge Hough appointed Eliza Root, Jr., receiver of the property of Mr. Butts, with a bond of \$3,000, on an application by Frances Hays Hanford and Bridget McGuire. Mrs. Hays Hanford says she gave Mr. Butts \$14,000 on June 26 last to invest in a mortgage and that the money was not so invested. Bridget McGuire said that in June 1909, she advanced \$5,000 to Mr. Butts, which had been paid over to him in payment of a mortgage she owned and she is unable to get the money. The creditors alleged that on May 1 and August 15 Mr. Butts transferred all his real estate in Richmond county to his daughter, Elizabeth J. Webb, and that he had remained away from his office for the past thirty days. Judge Hough appointed Walter P. Vinner, his partner, has possession of all the evidences of the title of property owned by clients as well as the key to the safe and the books and papers, unless the receiver was appointed the assets would be disposed of. They believe Mr. Butts's assets are over \$25,000 and his liabilities \$100,000.

LEFT MORE THAN \$1,000,000.

James Mulford Townsend Got \$800,000 From Parker Estate.

James Mulford Townsend, the lawyer and associate partner in the York Law school, who died at his country home in Oyster Bay on October 31, left his entire estate of more than \$1,000,000 to his wife, Harriet Campbell Townsend. A few days before his death Mr. Townsend settled a contest of the will of Joseph Parker, a New Haven blotting paper manufacturer, who left his residuary estate to Mr. Townsend. The terms of the settlement Mr. Townsend got more than \$800,000 from the Parker estate. Mrs. Townsend, who is a daughter of Prof. John L. Campbell of Washington and Lee University, has six children who were not mentioned in their father's will.

\$4,000,000 SURE, SAYS PERKINS.

Tells International Committee at Dinner Success Is Certain.

George W. Perkins told the six hundred persons present at the thirty-second annual dinner of the International Committee of the Y. M. C. A. at the Waldorf-Astoria last night that New York had gone to the front in the world getting a better reputation throughout the country recently. "The country has the idea that New Yorkers are after the almighty dollar and for themselves only," he said, "but this election just passed has shown that it is not entirely correct. The result has been a wonderful thing, an inspiration to good citizenship. Now—"

Mr. Perkins was interrupted by applause not only from the 600 at the tables, but from the several hundred women in the gallery. When quiet was restored he said that one more thing was needed to establish New York in the good opinion of the country and that was to raise the \$4,000,000 the Young Men's Christian Association and the Young Women's Christian Association need for the building of the city's third million dollars of this sum goes to the women for social centers, homes and meeting places, and the men take the other fourth. Mr. Perkins said that an informal dinner will be given at the Hotel Astor Monday, when 600 persons pledged to take up this work will receive final instructions. He said the amount already pledged will cause surprise and makes the success of the campaign a foregone conclusion. Alfred E. Marling, chairman of the international committee, presided.

TWO CLUES TO MISSING WOMAN.

Mr. Fitzpatrick Gets Reports From Widely Separated Places.

Frank J. E. Fitzpatrick received two clues yesterday which he hopes may lead to finding his wife, who left her home at 200 West Ninety-ninth street on Monday. J. Stern of 415 East Sixty-fourth street telephoned to Mr. Fitzpatrick that he saw a woman answering Mrs. Fitzpatrick's description in Central Park West on Tuesday. Stern said that the woman was asked where she was going and he replied: "To East River to commit suicide."

A Mr. Reynolds, a hotel owner of Long Branch, sent word that a New York woman came to his hotel Tuesday and asked for help in finding work. He suggested several places, but learned later that the woman had not visited any of them. Mr. Fitzpatrick got out circulars describing his wife yesterday. She is 42 years old, five feet two inches in height, weighs ninety-five pounds, has light brown eyes and wears a blue suit with black and white braid on the coat, a small purple hat with an aigrette on it and patent leather shoes with brown suede tops.

YOUNGEST BURGLARS ARE HELD.

Boys of 8 and 11 Years Caught in United Cigar Store.

Two of the youngest burglars ever captured by the New York police were arraigned in the children's court yesterday. They are Thomas Rogers, 8 years old, of 331 West Houston street, and Frank Monteverdi, 11 years old, of 38 King street. On Wednesday evening they were surprised by Patrolman Lynch of the Leonard street police station in a United Cigar Store at 217 West Broadway, which they had entered by means of a glass cut.

THREE BISHOPS IN ST. LUKE'S.

Assistant Secretary of Mission Board Also a Patient.

Bishop Henry D. Robinson of Nevada, Bishop James H. Horner of Asheville, N. C., Bishop Robert Strange of North Carolina and the Rev. Hugh L. Burleson, assistant secretary of the Episcopal Church, are patients at St. Luke's Hospital. Bishops Robinson and Horner were taken ill during the recent general convention. Bishop Strange came to the hospital, but became ill before the first session and the Rev. Mr. Burleson fell at the railroad station in Greenwich, Conn., and injured his knee.

"GOT MY SHIRTS" ASKS HOUSE.

Magistrate Wants to Know If Prisoner Is His Thief.

"Mr. Attorney, will you ask your client if he has my shirts?" said Magistrate House in Yorkville court yesterday to a lawyer who represented Mr. J. Katz, charged with stealing 41 from Mrs. Bertha Ecker of 1425 Lexington avenue. "I beg pardon?" said the puzzled attorney. "Ask him if he is the man who came to my home day before yesterday and said he was sent for the laundry. He got all my shirts and they were mostly new ones. He was a thief and not from the laundry."

DEATH ENDS DIVORCE SUIT.

Wife's Case Up Yesterday, but A. C. Lape Was Hurt Saturday.

Mrs. Eva Lape of 40 Gramercy Park brought a suit for divorce recently against Arthur C. Lape, who she said, had been living apart from her at 232 West 111th street, and had been receiving \$10,000 a year from the International Silver Company. Mr. Lape did not defend the suit and it was on the calendar for trial yesterday. When it was called the attorney for Mrs. Lape replied that his client was dead. Your Honor, this case has abated because of the death of the defendant. It was learned that Mr. Lape died at his home last Thursday and was buried from the Rutgers Presbyterian Church on Saturday.

GROUND BROKEN FOR STADIUM.

College of the City of New York Thanks Mr. Lewisohn for Gift.

Borough President McAneny broke ground for the new stadium at the College of the City of New York yesterday. The stadium, with the site, is a present from Adolph Lewisohn and will cost about \$200,000. President Finley extended the thanks of the student body to Mr. Lewisohn and said he would ask the German Ambassador to cable to Emperor William, telling him what his former subject is doing for the college. It is expected that the new stadium will be finished by the beginning of the next college year.

BOY 16 YEARS OLD A SUICIDE.

Choir Singer Shoots Self With Father's Pistol.

Alfred W. Cable, a sixteen-year-old choir boy in the Wesley M. E. Church in East New York, committed suicide last night in his home at 468 Chestnut street by shooting himself with his father's automatic pistol. The boy worked in the daytime and went to night school. Recently he complained of pains in his head and stuck to his studies despite the advice of his father, Elmer Cable, who is a guard in the National Bank of Commerce.

AMERICAN CAR GETS DEWAR PRIZE AGAIN

Cadillac Carries Off the Royal Automobile Club Trophy a Second Time.

FIRST TO WIN IT TWICE

Ferries Across the Sound Stop Running—Road Conditions on Jersey Meadows.

The Cadillac Company has just received the award of the Dewar trophy by the Royal Automobile Club of Great Britain on the performance of its 1914 car. This trophy, which is awarded annually to the motor car demonstrating the greatest achievement toward the advancement of the industry, has been won twice by the Cadillac, the previous occasion being five years ago. Never before has the trophy been won twice by any make, and the Cadillac is the only American machine ever to come out victorious in the test.

The first time the car was used in a standardization test. The entrants presented three stock cars which were dismantled. The various parts were thrown into a heap and from this pile eighty-nine parts were withdrawn. Duplicates were taken from the stock of spares and then the cars were built up again, only screws and screwdrivers being used. The use of files or emery cloth was not permitted. The parts fitted in all right, and the cars made an extended run after being built up.

This time the test took the form of a 1,000 mile run over all sorts of roads conducted at a compulsory average speed of 19.5 miles an hour. The gasoline consumption was 17.17 miles a (British) gallon. All the oil used was 7.4 pints. The electric cranking device was used 130 times in the trial and at the end the engine was turned over 1,000 compression strokes. The electric lights were on for the whole trial, 36 hours and 17 minutes, and after the compression test with the starter the side, rear and speedometer lights continued to burn for 20 hours.

An important part of the test was the observation of the new two speed gearbox. The gear axle gears were shifted from high to low and back 520 times in all by means of the electric shifting device and showed a clean score.

The Bureau of Tolls of the Automobile Club of America advises that the only ferry line operating from Long Island north shore are those from Port Jefferson to Bridgeport, and from Greenvale to New London. The New Rochelle-Glen Cove and River-Sand Cliff lines have quit for the winter. Another ferry discontinued for the season is that between Brooklyn and St. George, Staten Island. The Newark-Tarboro, across the Meadows from Jersey City to Newark, is closed unless the Jersey City Newark parking road is in good condition for automobile use, having been improved all the way across the meadows.

ODDS ON HARVARD 10 TO 8.

Being on the outcome of the football games has not become very lively yet in the financial district. The odds as quoted on the big games now stand as follows: 10 to 8 on Harvard in the Harvard-Princeton game, 5 to 4 on Yale in the Harvard-Yale game and 10 to 8 on the Navy against the Army. Fred Schumacher reported a \$200 bet at odds of 10 to 8 yesterday on Harvard against Princeton and another of \$100 to \$200 on Yale in the Harvard-Yale game. A bet of \$50 to \$100 was made on the Navy against Bucknell.

Oxford Honors the Great Jackson.

London, Nov. 6.—A. N. S. Jackson, who won the memorable 1,500 metre race for England in the Stoddard Olympic games, has been elected president of the Oxford University Athletic Association. The election was held at the Oxford University Athletic Association.

WILL PRACTICE HERE THIS AFTERNOON.

Then Go On to Meet Penn.

HANOVER, N. H., Nov. 6.—Twenty-seven players, four coaches, two managers and Dr. John W. Bowler, trainer, made up the Dartmouth football squad which left today for the Penn game. The party had a special car on the 2 o'clock train from Hanover for New York, arriving in the big city soon after 10 o'clock. Saturday's game will be the first meeting on the gridiron between Dartmouth and Pennsylvania since 1894, when the Quakers won 16 to 0.

DARTMOUTH TEAM IN TOWN.

Why don't YOU get married?

Do you know there are 17,000,000

unmarried men and women in the United States and a great number of them would make ideal husbands and wives? E. E. Ritzenhouse, the Equitable Conservation Commissioner, has some interesting things to say on the subject in The Sun next Sunday.

New Yorkers can recognize at a glance likenesses of the Mayor-elect, but few indeed have seen a picture of Mrs. John Purroy Mitchell. She will look out to you from a beautiful full page photograph in next Sunday's Sun.

Nickalls Asks New Boathouse; Gets It

PHILADELPHIA, Nov. 6.—When Coach Vivian Nickalls of the University of Pennsylvania crews sails for a visit in Europe in a few days he will take with him a light heart, for he will know that on his return he will find a new \$50,000 boathouse available for his charges. It will be no surprise gift. Nickalls demanded before he signed up for the job that certain Penn alumni promise to erect the building just as he outlined to them. The work on the structure will be rushed in the next two months.

HARVARD TO DRILL HERE.

Will Run Through Signals To-night in New York Hotel.

CAMBRIDGE, Mass., Nov. 6.—Harvard put the finishing touches on its game for Princeton this afternoon, the varsity and the first substitute scrimmaging hard for nearly an hour. There will be no work at all to-morrow as the Harvard men will start for New York at 3 P. M. and are ready for the Tigers except for a final test on signals to-morrow night at their hotel. This afternoon work was aimed at improving the kicking department of the team and the efforts of the coaches to get better work was surely successful. Hardwick came right back to form, getting away several fifty and fifty-five yard kicks and sending several of his punts outside on the substitutes' yard line. If he can duplicate to-day's work in the Princeton game Harvard surely will be satisfied with his job.

The varsity beat the substitutes 15 to 3. Brickley kicking three goals from the field and also scoring a touchdown on a short punt after the substitutes had fumbled on their 2 yard line. First Brickley made a drop kick goal from the 10 yard line, this being a beautiful drop kick that would have scored even had Brickley stood fifty yards away from the posts. Later he kicked a goal from the 30 yard line and after making his touchdown he got another goal from placement from the 30 yard line. Today the coaches found a tooth on the field which ex-captain Wendell identified as one he lost in the Dartmouth game two years ago.

PENN IN TEMPORARY QUARTERS.

Tackling Dummies and Goal Posts Are Rigged Up on Golf Course.

PHILADELPHIA, Nov. 6.—The entire Pennsylvania varsity football squad, consisting of thirty-four men, took the 2 o'clock train this afternoon for the White Marsh Valley Field Club. The men will remain there until Saturday noon, when Coach Brooks expects to bring them back to Franklin Field to give Dartmouth the hardest tussle of the year. Less than thirty minutes after the squad arrived at the clubhouse every member was hard at work in football gear on the golf course. The dummies were rigged up and Coach Brooks gave the men a hard hour's practice at tackling. Temporary goal posts were put up so the Marshall could practice drop kicking and Carter placement kicking. Later a stiff signal drill was held.

SCHOOLBOYS CALLED PROS.

Charges Brought Against Five of Railway High Players.

ELIZABETH, N. J., Nov. 6.—What amounts to a sensation in schoolboy athletic circles here has been created by charges of professionalism lodged against five prominent members of the Railway High School football eleven. Officials of the Union County Athletic League, of which Railway, Roselle, the school bringing the charges, and two others are members, are now investigating the evidence in the case. At a hearing yesterday a statement was received from George W. Crowell, manager of the Railway Athletic Association, the team on which the boys played this summer, in which he avers that the boys received no compensation whatever for their services while playing with the Railway team and that the other players on the nine received only legitimate expenses.

The athletes on the rack are Arthur and Elmer Armstrong, Alfred Brooks and Blanche and Edward Durnell, star all-around athletes at Railway. It is admitted that the boys played with the team, but they assert that they received no money for playing.
